A very at tractive programme had been prepared for the jubilee occasion, and hundreds of the parents and friends of the scholars

were in attendance to hear and partici-pate in the exercises. The weather was uncomfortably hot, but so much enthusiasm was raised by the sweet singing of the little enes, and the pithy and appro-priate addresses, that no one manifested any weariness. All remained quietly in their seats until the benediction was pro-nounced, and would have remained longer, we believe, if the programme had requir-ed them to do so.
